

Horse Clubs for Girls

Cowboys for Kids introduce Horse Clubs for Girls. If you are one of those young ladies that has an urge to spend time with a big, strong, magnificent horse that you can call your very own, at least when you visit the ranch; consider forming your own Horse Club. We will make our ranch, our horses and a mentoring leader available to take you on a journey that will feel like having your own horse, without the very substantial expense to your parents! (They will like that.) You and each of your friends will get to pick a horse to work with. You can choose the kind of lessons you would like, and even compete against the other clubs. You will choose a name for your club and a logo. You can come once or twice a month or every week, depending on your schedule. The cost is as little as \$30 per person per month to come once a month, \$50 per person for twice a month and \$90 per person for weekly club meetings. Find a couple of horse-loving friends and start your own adventure!
